Live. Learn. Lead.

Lafayette is a national leader in graduation rates, undergraduate research, global experience, and graduate starting and mid-career salaries. We surpass the norms in so many areas because all of our resources are devoted entirely to undergraduates. For the driven student, there could be no better platform than Lafayette to find one's way forward into society and the world.

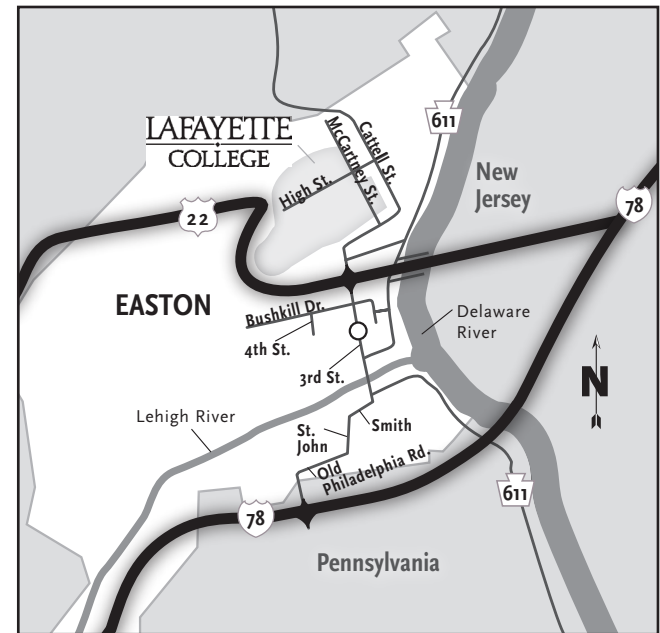

Learn more at www.lafayette.edu.

Campus Visits. Tour our beautiful, historic, high-tech campus and sit in on a group information session to get a great overview of Lafayette, including the many opportunities our students have to work closely with our incredible faculty. Campus visits consist of tours led by one of our Student Ambassadors and an information session. Campus visits are offered Monday-Friday, except during vacations and holiday seasons, and most Saturdays during the summer and academic year. Tours follow Saturday information sessions. For more information and to register for a campus visit, please go to www.lafayette.edu/visit.

Interviews. We strongly encourage you to schedule an on-campus interview. There is no better way for us to learn about you and all the ways you can contribute to our campus community. This is especially true for applicants seeking merit-based scholarships. On-campus interviews are scheduled on weekdays from March through January. For more information and to schedule an appointment, please visit www.lafayette.edu.
